

THE WESTERN SOCIETY FOR PEDIATRIC RESEARCH CRITERIA FOR TRAINEE MEMBERSHIP

1. As per original constitution and bylaws, “active members shall be limited to those individuals actively engaged in clinical or laboratory investigations in pediatrics”. There is no age or geographic restrictions.
2. There must be evidence that the nominee “is currently engaged in academic research” and/or “headed for a continuing commitment to academic medicine” (Council decision, 1983). The letter from the nominator, as well as the statement of the nominee, should specifically address this point.
3. The Fellow membership category does NOT require a published manuscript, but does require evidence (by nomination letter) of scholarly research activity.
